### **Career Pathway Framework and Webinar**

NAEPDC has been working with a number of colleague organizations to create a framework for developing, implementing and evaluating career pathway systems. We sent you a draft of the Alliance for Quality Career Pathways' framework published by CLASP earlier and you can now find the final version here:

<http://www.clasp.org/resources-and-publications/files/aqcp-framework-version-1-0/AQCP-Framework.pdf>

**Please join the webinar** on Thursday, July 17 at 3:00 PM EDT for a review of the framework and a discussion of its application in two states. Here is the URL to register for the webinar.

<https://www3.gotomeeting.com/register/463433350>

#### **Webinar description:**

The TAACCCT grant initiative has promoted career pathways in every round of grant funding. The fourth round solicitation takes this support to a whole new level by providing additional funding to TAACCCT consortium grantees to invest in strengthening their career pathway systems and integrating data to support career pathway efforts. The Center for Law and Social Policy (CLASP) has recently released a resource that can help TAACCCT grantees and their partners build and strengthen their career pathway systems: the Alliance

for Quality Career Pathways framework. On this webinar, participants will learn about the framework, will see it applied to a local/regional career pathway partnership led by Lane Community College in Oregon, and will hear from an Alliance state partner in Minnesota about the framework's value in their state career pathway system building efforts.

Because WIOA emphasizes career pathway development, you will find this framework helpful with WIOA implementation.
