Colleague Question: HSE RFI Process

Susan Clair (VA) writes:

Virginia needs to conduct a Request for Information (RFI) to obtain information from HSE developers about their tests. If your state did an RFI (not an RFP) what process did you use to conduct the RFI. For example, did you hire an outside contractor to do the RFI ? Did you do the RFI in house? Did you hire a Review Team? If you hired a Review Team, what was the selection process, did you pay people to review the RFI. I would like to talk to you if you have done an RFI, or your state is in the process of conducting one and the processes and procedures you use, or are using. Thank you.

Please respond directly to Susan at Susan.Clair@doe.virginia.gov
