Curriculum Guide for Citizenship Education

Below is an announcement and link to USCIS's new Curriculum Guide for Citizenship Education.

NEW Curriculum Guide for Citizenship Education

02/25/2015

Are you a Citizenship Education Teacher or Program Director?

Explore our newest guide designed to help you build an effective citizenship curriculum for your students!

[The Comprehensive Curriculum Framework Guide](#)

This guide:

- Interprets the full naturalization process as an easy-to-use framework for developing curriculum. The framework consists of three main components:
 - The Naturalization Pre-Interview

- The Naturalization Interview and Test
- The Naturalization Post-Interview
- Pinpoints the skills and knowledge necessary for students to successfully navigate the naturalization process. Introduces overarching content standards and specific progress standards for each of the three main framework components.

You can use it to:

- Design a new comprehensive citizenship curriculum with course outlines, syllabi, lesson plans, and activities.
- Revamp or enhance an existing citizenship curriculum.
- Create a checklist to ensure you are teaching the content that students need to successfully navigate the naturalization process.
- Tie classroom instruction to the practical knowledge and skills needed throughout the naturalization process from start to finish.
- Tailor a program or class to student needs by combining related or complementary progress standards.
- Assess the scope of a textbook for classroom use.
