Center for the Study of Adult Literacy—Reading Research Findings

Free Webinar Event: Friday, May 29, 2015, 2:00 - 3:00 PM EST

In September of 2012, the U.S. Department of Education's Institute of Education Sciences (IES) awarded funding for a five-year research center for adult literacy. This center is dedicated to studying adults who read between the third and eighth grade levels. We invite you to join us as we share an update on our activities.

During this webinar we will discuss our exploration of underlying cognitive and motivational processes that contribute to or impede reading development, and our development of a multi-component instructional program to help learners improve their reading and comprehension skills.

This national webinar will be held on **Friday, May 29th from 2:00-3:00 Eastern Time.**

Please register at:
