CLASP Opportunities for Action

Our colleagues at the Center for Law and Social Policy (CLASP) recently published three “WIOA Opportunities for Action” memos that may contribute to your WIOA planning process:

1. WIOA’s policies for setting and adjusting performance targets urges state and local areas to act now to serve more individuals with barriers to employment
2. WIOA adult program’s priority of service for recipients of public assistance, other low-income individuals, and individuals who are basic skills deficient” and
3. Building career pathways through IET combined with support services.

See the attached one pager for descriptions with links to the full documents.
