

Do you feel you have trouble learning?

Were you ever in special classes?

Do you feel like you just don't "get it?"

Now it is *possible* to learn and do some things you once thought were *impossible*.

The Adult Learning Center can show you how!

We will:
Identify

if you learn best by seeing, hearing, touching, or a combination of all

Screen for

learning difficulties; and for vision or hearing problems

Recommend

things you can do to help you make progress

Make referrals

to local agencies for additional assistance

. . . You just learn differently.

Do you know that you have a specific learning style?

With this style, there are ways to increase how much and how quickly you learn!

By answering a few questions, we will discover your learning style and find ways to make it work for you.

Some examples of what can help are . . .

- more time on tests
- private work area
- written, taped, or repeated instructions
- video or audio lessons
- large print materials

This information is confidential and cannot be released without your permission. Special learning needs screening is provided free of charge as part of the Adult Basic Education program.
